The Foundation is a 501(c)(3) non-profit, education, research and training association dedicated to the natural refrigeration industry. Founded in 2006 by the membership of the International Institute of Ammonia Refrigeration (IIAR), it's mission is to support research for the safe, reliable and efficient use of ammonia and other natural refrigerants, and to promote the development of industry talent through scholarships, academic alliances and outreach.

The annual William E. Kahlert Memorial Golf Tournament supports these efforts.
